PAST EXPERIENCES:

We have provided consulting and staffing services to government agencies and prime contractors across IT/Engineering and non-IT areas.

Highlighted Projects:

- **CAD Drafting and Design for a Large Defense Contractor:** Plan, layout and draw assembly and installation engineering drawings from 3D models/designs

- **Manufacturing Engineering for a Large Defense Contractor:** Design manufacturing processes and production layouts for assemblies, equipment installation, processing, machining and material handling

- **UI/UX Design for Pennsylvania Fish & Boat Commission:** Evaluate system interfaces and determine the feasibility of requested enhancements

- **Network Infrastructure Engineering for Pennsylvania Department of Transportation:** Perform Network Management functions utilizing various industry tools to monitor, test, verify, troubleshoot, and resolve complex network problems.

- **IT Project Management for Pennsylvania Department of Education:** Manage IT projects and other Project Managers and serve as the primary point of contact for all project-related issues, including the resolution of issues

- **Technical Support for a State Department of Transportation:** Analyze and troubleshoot business application support problems and assist in the coordination of changes, upgrades, and new products

- **Application Integration for Pennsylvania Turnpike Commission:** Design, analyze, develop, and deploy enterprise applications and integrations leveraging SAP, Azure, Informatica, and ServiceNow technologies

- **Health Data Analysis for a Commonwealth Department of Human Services:** Analyze service trends and data reporting along with support and maintenance of the data systems to complete analytical reports and ad hoc requests

- **Crisis Program Analysis for Pennsylvania Department of Human Services:** Develop analysis and data collection processes in behavioral health systems

- **SharePoint Migration and Administration for a State Department of Health:** Migrate network file shares from legacy on-prem servers into hosted Microsoft SharePoint Online services

- **Epic Business Intelligence Analysis and Report Development for the County of Santa Clara Health System:** Provide end-to-end delivery of reporting and analytics solutions in the Epic Cogito Clarity/Caboodle Ambulatory and Inpatient spaces

- **Office Administration for a Commonwealth Department of Corrections:** Perform general, entry-level clerical duties

- **Process Automation Engineer for a Large Federal Pharmaceutical Contractor:** Provide direction for automation systems supporting the pharmaceutical manufacturing plant operation

- **Biotechnology Scientist for a Large Federal Pharmaceutical Contractor:** : Develop novel genomics assays and platforms, to understand the pre-clinical and clinical-stage assets
